GRAND LAKE SNOWMOBILE COUNTRY

WELCOME TO THE GRAND LAKE TRAIL SYSTEM

We hope that you have a great time while you are here. This system is the largest groomed system in the state of Colorado. As of 1990, approximately 150 miles of trails are maintained by the Grand Lake Trailgroomers, a private, non-profit organization, in conjunction with the U.S. Forest Service. The Grand Lake system provides one of the widest varieties of experiences for snowmobilers anywhere - everything from simple trail riding to deep powder playing and hill climbing. We ask that you read the other items on this map. Some are safety related, others concern rules and regulations in the area. Happy Snowmobiling!

PARKING

For private machines, parking is available in the town of Grand Lake. You may ride your machines within the town limits and are able to reach the trail system on South Supply Trail. However, during some portions of the year, there is insufficient snow in town and machines must be trailered to the Idleglen Parking area. To get there, turn west from U.S. 34 onto County Rd. 4 at Dillie Docks, 5 miles south of town. Proceed west about 4 miles to the parking area.

AVALANCHE WARNINGS

Make sure that you check the avalanche potential in the area you intend to ride. Call the US Forest Service office in Granby 887-4100 or call the Avalanche Center in Denver 1-303-499-9650 or check the website: avalanche.state.co.us. All snowmobilers should know how to avoid creating an avalanche and being caught by one. Don't turn a great time into a tragedy.

PRIVATE PROPERTY

Some trails within this system cross private property. It is unlawful to ride on private property without the permission of the owner. Please obey all "no trespassing" signs and stay on designated trails.
